

Mrs. Atherton Macondray
Seminary Post Office
Alexandria, Virginia

Dear Mrs. Macondray:

As you know, we have been considering the selection of a site for the proposed Central Intelligence Agency headquarters building for more than a year. We have had the privilege of reviewing your property on Seminary Hill along with more than thirty other possible sites which have been considered and studied by the private firm of consulting engineers and landscape architects we engaged to assist us in this matter.

Recently we received the final report of the National Capital Planning Commission approving our proposal to locate our new building on a portion of the Bureau of Public Roads property at Langley, Virginia. In view of the interest you have expressed in this matter, we would like you to know that we have decided to proceed with our plans for the development of that site.

We deeply appreciate the cooperation and assistance you offered to our representatives when they inspected your property, as well as the supplementary information you made available to us.

STATINTL

Sincerely,

[Signature]

L. K. White
Deputy Director
